40th Anniversary Ruby Jubilee! CONVENTION AND RETREAT

*Welcome Back Home:
To Feelings, To Change,
To Who We Are*

Monday, August 20 – Sunday, August 26, 2012
Concord Retreat, Yellow Spring, West Virginia
INTERNATIONAL PRIMAL ASSOCIATION

It's a big year for the IPA,

the International Primal Association. 40 years. And we felt it was vital to use this **Ruby Jubilee Convention** to go back to basics. Who are we? What are we trying to accomplish? Every single person involved with Primal probably has a significantly different perception of what Primal is. So, what is the core passion we all share? What exactly can we all do together to bring Primal and intense feelings processing to the place in the world we all feel it merits.

I'm Sandy Weymouth and I'm chairing this Convention—with a lot of great help from a lot of great people.

A *great* info source for the Convention and all IPA activities is our IPA website, www.primals.org. Check it out.

Welcome! Join us.

CONCORD RETREAT, YELLOW SPRING, WEST VIRGINIA

It's a beautiful setting and easy to get to. Find your way to Interstate 81 where it passes Winchester, Virginia. From either direction on 81, take Route 37 around the western side of Winchester to U.S. Route 50. Go about 11 miles to Route 259 which goes only to the left about a mile past Gore, Virginia. Look for a green sign saying "Carpers Pike" which is Route 259. Turn left and go about 8½ miles where you'll see a sign for Concord on the right.

It would help us immensely if you could bring your own bed linen and at least one towel! Please let us know in your registration whether you're doing that.
